

Thrive: Social Media Software

Get your followers to take real action

Do you want your online supporters to do more than click? Do you need them to donate? Take advocacy actions? Become a member? Thrive is built to help you achieve your organization's goals by **turning fans and followers into passionate supporters** of your organization.

Thrive is web-based software that helps you **find and nurture key relationships online** while offering a streamlined, uncluttered interface from which to manage Twitter, Facebook and Flickr. Thrive even offers robust reporting and analytics tools so you can learn from and replicate your successes.

Thrive helps you:

- Cultivate relationships
- Manage social media
- Replicate what works
- Get help when you need it

smallact
Make a big impact in social media.

"I am able to connect with those people who really want to hear my message. Such an easy, time-saving, fun and creative tool."

- Heather Steele, Epilepsy Foundation of Florida

Profile Builder

Do you want to improve your success rate in getting major gifts from key supporters?

Do you want to grow your social media communities faster?

Small Act's new Profile Builder technology can help you do both those things, by converting your email list into detailed social media profiles. Contact us to learn more.
